Hi,

I'm writing with some information for your staff about Parentline and 11-19 ChatHealth, the NHS messaging service which is now available to the parents/carers and young people in your school.

The service for parents/carers and young people in Hull is part of a unique, multi award-winning NHS platform, which has been highly acclaimed by service users and NHS officials for improving access to healthcare.

Parents/carers can send a message to the 0-19 Team via Parentline to get confidential help and advice about a wide range of health and wellbeing issues.

Similarly young people aged 11-19 have their own number, they can send a message to the 0-19 team via 11-19 ChatHealth.

Please find attached some resources to help promote the 0-19 Team Health Visiting and School Nursing messaging services with families in your area.

We are happy to answer any questions and welcome you to contact us.

Best regards,

Hull 0-19 Health Visiting and School Nursing Service
